Pro and Con  
Tuesday, January 22, 2008, at 12 noon – 1:30 p.m.  
Room 306 JRCB**

Tuesday, January 22, 2008, is the 35<sup>th</sup> anniversary of the decision in *Roe v. Wade* which mandated that all states legalize abortion-on-demand through at least the first six months of pregnancy. What have been the developments in law and society since then? How many abortions are performed? What reasons are given by women who have abortions? What are the consequences for them (the women), their families, and society? Did *Roe* help or harm women? Where did the *Roe* decision come from (historically) and where is it headed? Join us to consider these and other related issues as three experts and one student comment and answer questions for 90 minutes.
